

## CURRICULUM VITAE

Karen Kelly-Blake, Ph.D.  
Associate Director of Academic Programming and Associate Professor  
Center for Bioethics and Social Justice  
Department of Medicine  
Michigan State University College of Human Medicine  
East Fee Hall  
965 Wilson Road Rm A132A  
East Lansing, MI 48824  
517-353-8582 (office)  
E-mail: [kellyka1@msu.edu](mailto:kellyka1@msu.edu)

November 2022

### AREAS OF RESEARCH

Health services research, shared decision-making, decision aid development and implementation, clinician-patient communication academic detailing, medical workforce policy, bioethics, racism and morbidity and mortality, chronic illness, mobile health technology, higher education leadership and faculty development, and men's health.

### EDUCATION

Michigan State University, East Lansing, Michigan  
Ph.D., Anthropology, 2008

M.A., Anthropology, 2006

College of Charleston, Charleston, South Carolina  
Bachelor of Science in Biology, Minor in Psychology, 1990

### PEER-REVIEWED PUBLICATIONS

Adesuwa Olomu, Richa Tikaria, **Karen Kelly-Blake**, William Hart-Davidson, Ling Wang, Zane Alroshood, Azazaiah Israel, and Margaret Holmes-Rovner.

A patient-centered approach to decision support for early-stage prostate cancer (PCA) treatment: feedback from patients and the public. Presented at the Michigan Cancer Consortium conference, October 17, 2003, Detroit, MI.

#### OTHER PRESENTATIONS

- Kelly-Blake K.** *Invited speaker.* What the Faculty Senate Does. What it can and cannot do. Teach-In on Academic Governance. October 21, 2022.
- Kelly-Blake K.** *Invited Panelist.* Thematic Session Title: Racism: A Pre-existing Health Condition. Panel Title: A Question of Justice: The Covert Costs of Racial/Ethnic Concordance in the Medical Workforce. Presented at the American Sociological Association Annual Meeting. Virtual. August 7-10, 2021.
- Kelly-Blake K.** *Invited with honorarium.* Dietitian and Client Base Mismatch: Are there ethical implications? Presented at the Michigan Academy of Nutrition and Dietetics Annual Conference. Virtual. May 13-14, 2021.
- Bogdan-Lovis, E, Shareef S, **Kelly-Blake K.** *Invited.* Babies Do Get Born. Presented at the Ingham County Women's Commission. Virtual. May 5, 2021.
- Alroshood Z, Olomu A, Tikaria R, Wang L, **Kelly-Blake K**, Hart-Davidson W. The Impact of Office-Guidelines Applied to Practice Program on Rates of Evidenced-Based Medication Use and Atherosclerotic Cardiovascular Disease Risk Score. 9th Annual Mid-Michigan Symposium for Undergraduate Research Experiences (Mid-SURE), July 24, 2019.
- Kelly-Blake K.** Fixed-Term Assistant to Associate. Department of Medicine RPT Workshop, April 25, 2019, East Lansing, MI.
- Olomu A, **Kelly-Blake K**, Hart-Davidson W. *Invited.* Leveraging the Humanities in Health Services Research: The Office-GAP Program. Grand Rounds presented to the Building Healthcare Collective Project Symposium, April 11-13, 2019, East Lansing, MI.

#### ADMINISTRATION

2022- Associate Director of Academic Programming, Center for Bioethics and Social Justice  
Associate Professor, Center for Bioethics and Social Justice and Department of Medicine,  
College of Human Medicine, Michigan State University

Curriculum Vitae for K Kelly-Blake

Collaborate with the Director on all activities necessary to ensure smooth unit functioning, management, oversight and regular interaction with the Center Administrator including ensuring effective unity policy implementation, grants management, hiring, onboarding of new hires, etc., management, oversight and regular interaction with the Communications Assistant, represent the unit in college functions, ensure the unit is maximally engaged and represented with both internal university and external audiences and activities, ensure effective and efficient personnel management, including identifying and pursuing opportunities for individual and unit growth, collaborate on the planning, execution and oversight of the Center outreach activities Bioethics Public Seminars, Brews and Views, Bioethics for Breakfast.

2021- Chair, Faculty Senate and University Steering Committee, Michigan State University  
Supervises the Secretary of Academic Governance in the Office of Academic Governance

2020- 2022 Assistant Director, Center for Bioethics and Social Justice  
Associate Professor, Center for Bioethics and Social Justice and Department of Medicine, College of Human Medicine, Michigan State University  
Collaborate with the Director on all activities necessary to ensure smooth unit functioning, management, oversight and regular interaction with the Center Administrator including ensuring effective unity policy implementation, grants management, hiring, onboarding of new hires, etc., management, oversight and regular interaction with the Communications Assistant, represent the unit in college functions, ensure the unit is maximally engaged and represented with both internal university and external audiences and activities, ensure effective and efficient personnel management, including identifying and pursuing opportunities for individual and unit growth, collaborate on the planning, execution and oversight of the Center outreach activities Bioethics Public Seminars, Brews and Views, Bioethics for Breakfast.

### RESEARCH

2021- Associate Professor, Center for Bioethics and Social Justice and the Department of Medicine, College of Human Medicine, Michigan State University  
Continue research program development actively pursuing internal and external funding; publish and disseminate research findings in peer-reviewed journals and at national conferences; continue and expand research collaboration with internal and external partners; precept for SIM and LGA in the Shared Discovery Curriculum; engage in developing, promoting, and executing the Center for Ethics' outreach and public service efforts.

2019-2021 Associate Professor, Center for Ethics and Humanities in the Life Sciences and the Department of Medicine, College of Human Medicine, Michigan State University  
Continue research program development actively pursuing internal and external funding; publish and disseminate research findings in peer-reviewed journals and at national conferences; continue and expand research collaboration with internal and external partners; precept for SIM and LGA in the Shared Discovery Curriculum; engage in developing, promoting, and executing the Center for Ethics' outreach and public service efforts.

2014-2019 Assistant Professor, Health Services/Shared Decision-Making Research Program, Center for Ethics and Humanities in the Life Sciences and the Department of Medicine, College of Human Medicine, Michigan State University  
Develop a program of funded research in the fields of health services research, shared decision-making, and bioethics; submit grant proposals as Co-Investigator/Co-PI with colleagues and mentors; continue DATES research; publish and disseminate research findings in peer-reviewed journals and at national conferences; supervise research assistants; assist in the development and implementation of the Clinical Ethics Consultation Workshop Series; assist in the design, content, and implementation of the SCCD components in the new CHM SDC

curriculum; conduct SIM debriefings; review, edit, and revise curriculum modified PBLs; preceptor for CHM courses (Ethics, Health Policy, and Integrative Judging); sit on search committees for new faculty.

- 2011-2014 Research Associate, Health Services/Shared Decision-Making Research Program, Center for Ethics and Humanities in the Life Sciences, College of Human Medicine, Michigan State University  
Develop a program of funded research in the fields of health services research, shared decision-making, and bioethics; submit grant proposals as Co-Investigator/Co-PI with colleagues and mentors; perform qualitative analyses and interview patients for DATES research; lead research administration and completion of pilot studies at MSU and at Mercy Port Huron PHO to establish feasibility and estimate impact of the Office-GAP model of shared decision-making and guideline implementation in cardiovascular disease; publish and disseminate research findings in peer-reviewed journals and at national conferences; submit career development grant proposal focused on shared decision-making, bioethics, and ethnoepidemiology of health disparities; supervise research assistants; assist in the development and implementation of the Clinical Ethics Consultation Workshop Series; assist in the design, content, and implementation of the Ethics components in the new CHM curriculum; teach CHM courses (Ethics and Health Policy).
- 2009-2011 Project Manager, Coronary Artery Disease Decision-Making in Primary Care (CAD-SDM), Center for Ethics and Humanities in the Life Sciences, College of Human Medicine, Michigan State University, CHRT  
Margaret Holmes-Rovner, PhD, P.I.  
Managed development of research instruments/surveys; managed research data collection and developed, maintained, and organized research databases; managed research budget; directed day-to-day operations of research office and organized functions of research team; drafted IRB and CME applications; kept minutes of weekly research meetings; developed collaborative partnerships with clinic sites and office staff for recruitment; organized physician and patient recruitment protocols; assisted the PI with delegating responsibility for tasks; followed-up with team members to meet deadlines; assisted in the content and design development of the stress test decision guide; coordinated the implementation of decision tools into the EMR for research sites; conducted cognitive interviews with patients about decision tools; conducted participant observation in clinic research sites; responsible for all ethnographic data collection and analysis; coordinated and co-led the shared decision-making training protocol for providers; wrote progress reports; drafted grant proposals and articles; disseminated research findings at national conferences; supervised research assistants.
- 2001-2006 Research Assistant, Department of Medicine, Division of Health Services Research, Health Information and Patient Decision-Making Project (HIPD), Michigan State University, (AHRQ RO1 (HS10608) "Information Interpretation in Patient Decision Support" Margaret Holmes-Rovner, P.I. and Vence Bonham, Co-P.I.)  
Developed the coding methodology for the project using QSR N5 software. Designed the codebook, and coded transcribed interviews for the project. Scheduled interviews for the participants. Assisted with planning and organizing the MSU Men's Health Fair. Recruited men for participation in the research project. Analyzed data.
- 2005 Research Consultant/Focus Group Facilitator, Nutrition Education Awareness for Toddlers (NEAT), College of Nursing, Michigan State University (Millie Horodynski, P.I.)  
Provided technical assistance to the project research team on using QSR N5 qualitative software for coding data; facilitated focus groups in Detroit and Jackson, MI.

- 2004 Research Consultant, Prevention of Weight Gain Study, College of Nursing, Michigan State University (Mei-Wei Chang, P.I.) Provided technical assistance to the Principal Investigator on the use of QSR N5 qualitative software for coding data.
- Research Consultant, The Michigan Genetics Education and Evaluation Project, Department of Medicine, Michigan State University (Othelia Pryor, P.I.) East Lansing, MI  
Coded and analyzed data of community dialogue sessions. Wrote summary reports of focus group data.
- 2002 Evaluation Consultant, Housing and Urban Development, DB Consulting, Flint, MI  
Administered surveys to users of the HUD kiosk in order to ascertain utilization rates and a cost/benefit analysis of the kiosk for the Flint community.
- 1999 Research Assistant, Julian Samora Research Institute (JSRI) Migrant Clinic Study, Michigan State University, (Ann V. Millard, P.I.)  
Conducted literature review searches on migrant farm worker health, also conducted interviews with migrant farm workers on farms in Michigan.

### TEACHING

- 2021- Preceptor, College of Human Medicine, Michigan State University, East Lansing, Michigan  
Ob/Gyn Clerkship Ethics Discussion
- 2020 Preceptor, College of Human Medicine, Michigan State University, East Lansing, Michigan  
HM 620 Clinical Bioethics Clerkship  
HM 553 Health Systems and Patient Vulnerabilities Intersession
- 2019- Preceptor, Simulation Clinical Skills, College of Human Medicine, Michigan State University, East Lansing, Michigan
- 2016-2019 Shared Discovery Curriculum Learning Society Fellow, College of Human Medicine, Michigan State University, East Lansing, Michigan
- 2015- Lecturer, Psychiatry Resident Seminar (PGY2), Michigan State University, East Lansing, Michigan
- 2015-2016 Preceptor, College of Human Medicine, Michigan State University, East Lansing, Michigan State University, Spring Semester, Integrative Clinical Correlations Shared Decision-Making (HM 572)
- 2011-2016 Preceptor, College of Human Medicine, Michigan State University, East Lansing, Michigan  
Spring Semester, Health Policy (HM 547)  
Facilitate health policy module for second year medical students.
- Preceptor, College of Human Medicine, Michigan State University, East Lansing, Michigan  
Fall Semester, Social Context of Clinical Decisions (HM 546)  
Facilitate ethics module for second year medical students.
- Preceptor, College of Veterinary Medicine, Michigan State University, East Lansing, Michigan  
Fall Semester, Ethical and Animal Welfare Issues in the Veterinary Profession (VM 513)  
Facilitate ethics small group discussions for second year veterinary medical students.
- 2006 Instructor, Department of Anthropology, Michigan State University  
East Lansing, Michigan

Spring 2006, Religion and Culture (ANP 422)

Designed and taught an upper-level seminar course analyzing major theoretical approaches to the anthropological study of religion. Readings and lectures covered the spectrum from magic, myth, and ritual to fundamentalist religious ideology in politics, Islam, and religion and the African American experience.

2005

Instructor, Department of Anthropology, Michigan State University  
East Lansing, Michigan

Fall 2005 Sociocultural Diversity (ANP 201)

Designed and taught an introduction to cultural anthropology, its central concepts, and methods; examine how anthropologists and non-anthropologists conceptualize and write about culture and diversity; and explore the moral and ethical questions faced by cultural anthropologists in the course of their work. Supervised the work of teaching assistant in a class of 175 students.

Instructor, Department of Anthropology, Michigan State University  
East Lansing, Michigan

Spring 2005 Culture, Health, and Illness (ANP 370)

Designed and taught an upper-level introductory course in medical anthropology. Surveyed traditional and biomedical health systems in Western and non-Western settings. Supervised the work of teaching assistant.

2004

Instructor, Department of Anthropology, Michigan State University  
East Lansing, Michigan

Fall 2004 Food, Hunger, and Society (ANP 470)

Designed and taught an upper-level seminar course analyzing the various social, economic, political, and cultural factors that affect the production and distribution of food.

Instructor, Department of Anthropology, Michigan State University  
East Lansing, Michigan

Summer Session I Gender Relations in Comparative Perspective  
(ANP 220)

Designed and taught an introduction to gender relations in different cultures and exploring the economic and domestic division of labor between the sexes as a factor underlying power differentials.

Advisor, Independent Study Project, Department of Anthropology, Michigan State University,  
East Lansing, Michigan

Summer I 2004

Supervised a senior student completing requirements for the Women and Health: Anthropological Perspectives class. Assisted the student with developing, organizing, and writing a term paper.

2003

Teaching Assistant, Center for Integrative Studies in Social Science, Michigan State University,  
East Lansing, Michigan State University

Fall 2003 Global Diversity and Interdependence (ISS 315)

Maintained class attendance, setup and maintained class gradebook, monitored all exams, assisted students with problem solving.

2001

Teaching Assistant, Department of Anthropology, Michigan State University, East Lansing,  
Michigan

Spring 2001 Culture, Health, and Illness (ANP 370)

Maintained class attendance, setup and maintained class gradebook, monitored all exams, assisted students with problem solving.

- 2000 Teaching Assistant, Department of Anthropology, Michigan State University, East Lansing, Michigan  
 Fall 2000 Women and Health: Anthropological Perspectives (ANP 270)  
 Maintained class attendance, setup and maintained class gradebook, assisted with writing class exams; monitored all exams, assisted students with problem solving; gave some lectures.
- Teaching Assistant, Department of Anthropology, Michigan State University, East Lansing, Michigan  
 Spring 2000 Social Differentiation and Inequality (ISS 215)  
 Maintained class attendance, setup and maintained class gradebook, assisted with writing class exams; monitored all exams, assisted students with problem solving.
- 1999 Teaching Assistant, Department of Anthropology, Michigan State University, East Lansing, Michigan  
 Fall 1999 Women and Health: Anthropological Perspectives (ANP 270)  
 Maintained class attendance, setup and maintained class gradebook, assisted with writing class exams; monitored all exams, assisted students with problem solving; gave some lectures.
- Teaching Assistant, McNair/SROP Program, Michigan State University, East Lansing Michigan  
 Assisted students in developing summer research proposals and helped them organize their data to write a final research paper.  
 Acted as an advisor for an individual student's research project and provided direction for the completion of the final paper.

#### METHODOLOGICAL EXPERIENCE

QSR N5, QSR NVivo, and Dedoose Qualitative Analysis Software  
 Developing coding methodology  
 Developing codebooks  
 Focus Group Research  
 Transcribing Interviews and Focus Groups  
 Text Analysis  
 Training others in Transcription and Coding  
 Conducting Interviews  
 Scoping Review

#### UNIVERSITY SERVICE

- 2021- University Faculty Senate and University Steering Committee, Chair
- 2021- University Faculty Senate, At-Large Member Steering Committee
- 2021- University Council, At-Large Member
- 2020-2021 MSU COVID-19 Reopening Campus Task Force, Contact Tracing Subcommittee, Member
- 2020- MSU Black Faculty, Staff, and Administrators Association, Member
- 2020-2021 University Faculty Senate, CHM Representative  
 Ad Hoc Committee on Administrator Review

- 2020-2021 University Council, CHM Representative
- 2019-2021 University Committee for the Library, CHM Representative

COLLEGE SERVICE

- 2019-2021 MSU CHM College Advisory Council, Ex-Officio Representative and BSJ representative  
CHM Bylaws Working Group  
CHM Awards Sub-Committee
- 2019-2020 MSU CHM Reappointment, Promotion and Tenure Committee, Vice-Chair
- 2018-2019 MSU CHM Reappointment, Promotion and Tenure Committee, Member
- 2018-2021 MSU CHM Admissions Committee, Co-Chair
- 2015-2018 MSU CHM Admissions Committee, Member
- 2018 MSU CHM Five Year Department of Emergency Medicine Review
- 2010-2020 MSU CHM Student Scholarship Committee
- 2016-2019 Shared Discovery Curriculum, Student Competence Committee, Chair
- 2014-2016 MSU CHM College Advisory Council, Member
- 2014-2016 MSU CHM Conflict of Interest Committee, Member
- 2013-2014 MSU CHM LCME Self-Study Steering Committee  
As a member of the steering committee, I participated in evaluating the MSU CHM as it underwent an institutional self-study for its LCME accreditation visit.
- 2013 MSU CHM Diversity and Inclusion Task Force  
As a Task Force member, I participated in developing a set of written recommendations that address the college's continued efforts to diversity and inclusion regarding students, staff, and faculty.  
  
MSU CHM Summer Scholarships and Stipends Review Committee  
As a member of this board, I reviewed medical student health equity research proposals to determine selection for summer diversity research scholarships and Center for Excellence Underrepresented Minority (COE URM) stipends.
- 2012 MSU CHM Medical Education Scholarship Group  
As a member of this group, I worked to develop, and support scholarship related to the College of Human Medicine's educational program.  
  
MSU CHM Special Consideration Review Committee for Community Assignment  
As a member of the Special Consideration Review Committee, I reviewed applications from students entering Block III to consider special circumstances for their clinical community placement.
- 2011-2015 MSU CHM Curriculum Advisory Committee

As a member of the Curriculum Advisory Committee, I worked to address the competency-based curriculum national mandate and advise on the content, design, and implementation of the new curriculum.

- 2011-2013 The Office of Student Affairs and Services (OSAS) for the College of Human Medicine, Michigan State University—Student Scholarship Rating Committee  
As a member of the Student Scholarship Rating Committee, I reviewed and ranked applicants using the criteria set forth by the individual donors and the CHM Development Office to determine scholarship recipients.
- 2010-2012 Council on Diversity Education (CODE), College of Human Medicine (CHM), Michigan State University (MSU)  
As a member of this council, I worked to improve diversity in student and faculty recruitment and in the medical education curriculum.

#### DEPARTMENT SERVICE

- 2021 MSU Center for Bioethics and Social Justice Search Committee, Tenure-Track Assistant Professor, Chair
- 2021 MSU Center for Bioethics and Social Justice Search Committee, Fixed-Term Assistant Professor, Chair
- 2019 MSU CHM Center for Ethics and Humanities in the Life Sciences Search Committee, Administrative Business Professional, Chair
- 2018-2019 MSU CHM Center for Ethics and Humanities in the Life Sciences, Research Proposal Submission Process Committee
- 2018 MSU CHM Center for Ethics and Humanities in the Life Sciences, Annual Review and Merit Raise Process Task Force
- 2016 MSU CHM Center for Ethics and Humanities in the Life Sciences Search Committee, Fixed-Term Clinical Ethics Faculty Position, Chair
- 2015- CHM Department of Medicine Seed Funding Review Committee
- 2015 MSU CHM Center for Ethics and Humanities in the Life Sciences Search Committee, Tenure Track Neuroethics Faculty Position, Member
- 2012 Sparrow Hospital Ethics Committee—Interim Member  
As an interim member of the Ethics Committee, I worked to develop and implement Ethics policies for the hospital, develop Ethics Consultation materials, and communicate and highlight the role of the Ethics Committee in providing quality care.

#### PROFESSIONAL SERVICE

- 2021- National Institute on Drug Abuse (NIDA) Justice Community Opioid Innovation Network (JCOIN) Data Safety Monitoring Board
- 2021- MDHHS Housing and Healthcare Workgroup
- 2021- Michigan Clinical Ethics Research Network

- 2020- RACE Affinity Group Advisory Board Member
- 2019- Abstract Reviewer Society for Medical Decision Making 41<sup>st</sup> Annual Meeting
- 2014-2016 Michigan Cancer Consortium Data Collection Subcommittee
- 2012- Michigan Cancer Consortium

PROFESSIONAL DEVELOPMENT

Attendee, AAMC Leadership Development Seminar for Women Faculty in Medicine and Science, June 15-17, 2021.

Presenter, COE Career Development Program, MSU and CHM History, and Academic Governance, December 21, 2021.

GRANTS AND PROPOSALS

<p>CDC</p> <p>The National Network to Innovate for COVID-19 and Adult Vaccine Equity (NNICE)</p> <p style="text-align: right;">Uphold (PI) 7/31/2021-07/30/2022 10%</p> <p>The goal is to form a national network of partners to mitigate the disparate impact of COVID-19 and boost confidence in and receipt of COVID-19 and other adult vaccinations, with a particular focus on urban and rural African Americans through implementation sites in Michigan, Illinois, Maryland, and North Carolina.</p> <p>Year 1 \$6,000,000; Total anticipated award \$18,000,000 through 7/30/24</p> <p>Role: Co-Investigator and Core Co-Lead Ethics and Accountability</p>	<p>Funded</p>
---	---------------

<p>American Recovery Plan Act (ARPA)</p> <p>Evaluating Geographic Practice Patterns of Primary Care URiM Physicians in Michigan</p> <p style="text-align: right;">Kelly-Blake (PI) 1/10/2022-1/10/2024 Not funded</p> <p>The aim of this proposal is to identify and describe diversity-related concerns of underrepresented in medicine primary care physicians in Michigan to inform medical workforce diversity policy. \$600,000</p> <p>Role: Principal Investigator</p>	<p>Not funded</p>
--	-------------------

American Recovery Plan Act (ARPA)

Mitigating the Societal Impact of Pandemics: A Systems Approach for Unraveling the Health and Economic Outcomes Verter (PI) 1/1-2022-12/31/2023 Not funded

The aim of this proposal is to develop an evidence-based framework to elucidate the societal impacts of pandemics, with special attention to industrial activity and public health to improve response and preparedness. \$600,000

Role: Co-Investigator

Michigan CARES Substance Use Disorders (MiCARES SUD) Funded

The aim of this proposal is to develop and disseminate education training modules for substance use disorder and addiction medicine treatment for the addiction medicine subspecialty and for National Medical Board Examinations. \$1,500,000 Poland (PI) 2018-2022 3.3%

Role: Consultant

MSU Foundation Strategic Partnership Grant (SPG) Not funded

Mitigating the Societal Impact of Pandemics: A Systems Approach for Unraveling the Health and Economic Outcomes Verter (PI) 6/1/2020-5/31/2022

The aim of this proposal is to develop an evidence-based framework to elucidate the societal impacts of pandemics, with special attention to industrial activity and public health to improve response and preparedness. \$120,000

Role: Co-Investigator

Society of Directors of Research in Medical Education (SDRME) Not funded

Physician-Patient Concordance: Evidence for Improved Health Outcomes? A Scoping Review Kelly-Blake (PI) 11/2020-11/2021

The aim of this proposal is to conduct a wide review of the literature to identify evidence that concordance improves patient health outcomes in underserved populations. \$4000

Role: Principal Investigator

NIH/NHLBI R01 Funded

Improving Diabetic Patients' Adherence to Treatment and Prevention of Cardiovascular Disease Olomu (PI) 7/15/20-04/30/25 10%

The goal is to evaluate a patient activation intervention integrating mobile phone reinforcement, health literacy, communication skills training for patients and clinicians, patient peer support, and shared decision-making with decision support tools into routine health care practice for low-income and minority patients with diabetes mellitus. \$ 3,753,861

Role: Co-Investigator

Science and Society at State (S3) Not funded

Examining URiM Practice in the Upper Midwest: Importance and Challenges Kelly-Blake (PI) 3/1/2020-2/29/2021

The aims of this pilot study are to: 1) Examine what URiM primary care physicians report about their practice experience in serving the underserved. 2) Identify potential and actual diversity barriers to URiM primary care practice patterns. \$10,000

Role: Principal Investigator

PCORI Not funded

Improving Pregnancy and Birth Outcomes through Telehealth Enhanced Prenatal Care The goal is to determine whether telehealth enhanced pre-and post-natal care (EPC) can improve perinatal outcomes and increase engagement and participation of African American women in EPC. \$4,182,975

Meghea (PI) 11/01/2020-10/31/2023 10%

Role: Co-Investigator

Michigan Institute for Clinical and Health Research (MICHHR) Funded  
Multi-level Approaches to Screening for Colorectal and Cervical Cancers in Rural Primary Care Settings  
The goal of this project is to support planning for UM center grant application (P01), which contain 4 R01s and 5 cores. \$100,000 Gorin (PI) 2/1/2020–1/31/2021  
Role: Consultant

NIH/NHLBI R01 Not funded  
Improving Diabetic Patients' Adherence to Treatment and Prevention of Cardiovascular Disease  
Olomu (PI) 10/01/20-09/30/25 10%  
The goal is to evaluate a patient activation intervention integrating mobile phone reinforcement, health literacy, communication skills training for patients and clinicians, patient peer support, and shared decision-making with decision support tools into routine health care practice for low-income and minority patients with diabetes mellitus. \$3,891,122  
Role: Co-Investigator

Diversity Research Network Launch Awards Program Not funded  
Evaluating Geographic Practice Patterns of Primary Care URiM Physicians in Michigan  
Kelly-Blake (PI) 11/01/19-10/31/2020  
The aims of this project are to examine URiM physician practice patterns in Michigan and to identify potential and actual barriers to primary care practice in underserved areas.

Davis Phinney Foundation Not funded  
Attitudes toward earlier use of deep brain stimulation (DBS) among clinicians and Parkinson's disease patients  
Cabrera (PI) 09/01/19-08/30/20 3%  
The aims of this project are to identify clinician and patient attitudes that influence DBS timing and to develop ethically informed guidelines for earlier use of DBS. \$46,551  
Role: Co-Investigator

Parkinson's Study Group Not funded  
Attitudes toward earlier use of deep brain stimulation (DBS) among clinicians and Parkinson's disease patients  
Cabrera (PI) 09/01/19-08/30/20 3%  
The aims of this project are to identify clinician and patient attitudes that influence DBS timing and to develop ethically informed guidelines for earlier use of DBS. \$46,551  
Role: Co-Investigator

PCORI Not funded  
Improving Pregnancy and Birth Outcomes through Telehealth Enhanced Prenatal Care  
Meghea (PI) 11/01/19-10/31/22 10%  
The goal is to improve the perinatal outcomes of low-income African-American (AA) women and infants and reduce health disparities by expanding patient options for participation in evidence-based enhanced prenatal/postnatal care (EPC) to include telehealth. \$2,945,130  
Role: Co-Investigator

NIH/NHLBI R01 Not funded  
Improving Diabetic Patients' Adherence to Treatment and Prevention of Cardiovascular Disease  
Olomu (PI) 09/01/19-08/31/24 10%  
The goal is to evaluate a patient activation intervention integrating mobile phone reinforcement, health literacy, communication skills training for patients and clinicians, patient peer support, and shared decision-making with decision support tools into routine health care practice for low-income and minority patients with diabetes mellitus. \$3,819,485  
Role: Co-Investigator

The Greenwall Foundation Not funded  
How early is too early? The ethical implications of current practices regarding the timing of DBS in PD  
Cabrera (PI) LOI submitted 6/20/18 10%

The goal of this study is to determine patient and clinician attitudes and values, to develop informed  
recommendations for the ethical use of "earlier" DBS. \$200,000  
Role: Co-Investigator

NIH/NHLBI R01 Not funded  
Testing the efficacy of mHealth and patient engagement in improving medication adherence  
Olomu (PI) 7/1/18-6/30/23 10%

The goal of this study is to evaluate the impact of Office Guidelines Applied to Practice (Office-GAP) and  
mobile phone messaging reinforcement (CareSmarts) on medication adherence, in minority and low-income  
patients with diabetes. \$3,847,115  
Role: Co-Investigator

NIH/NINR R01 Not funded  
Using Mobile Health Tools to Improve Health Outcomes in Underserved Patients with Diabetes  
Olomu (PI) 7/1/18-6/30/23 10%

The objective of this project is to evaluate the impact of Office Guidelines Applied to Practice (Office-GAP) and  
mobile phone text messaging reinforcement (CareSmarts) on patient-provider communication and patient  
activation, in minority and low-income patients with diabetes. \$3,855,509  
Role: Co-Investigator

MSU Department of Medicine Seed Funding Initiative Not funded  
The Googling Patient Kelly-Blake (PI) 1/16/17-1/15/18 10%  
The objective of this study is to understand and identify both cancer patient/survivors' and oncologists/nurses'  
perceptions of the impact of internet source information on their decisions and communication in the clinical  
encounter. \$10,337

NIH/NHLBI R01 Not funded 5%  
Improving Medication Adherence Among Underserved: Engagement and Technology  
Olomu (PI) 7/1/17-6/30/22

The goal of this project is to conduct a cluster randomized trial to evaluate patient activation and mobile  
reinforcement, evaluate user experience, and to conduct a cost analysis of these interventions in a network of  
Federally Qualified Health Clinics in Michigan. \$3,843,854  
Role: Co-Investigator

MSU CTSI Not funded  
The Googling Patient Kelly-Blake (PI) 3/1/16-8/31/16 10%  
The objective of this study is to understand and identify both cancer patient/survivors' and oncologists/nurses'  
perceptions of the impact of internet source information on their decisions and communication in the clinical  
encounter. \$15,122

NIH/NCI Funded 25%  
Decision Aid to Technologically Enhance Shared Decision Making (DATES)  
NIH R01CA152413 Jimbo (PI) 4/1/15-8/31/16  
The goal of this project is to describe physician communication about colorectal cancer screening options with  
patients previously exposed to a web-based decision aid to improve screening uptake and follow-through.  
\$2,696,612  
Role: Co-Investigator

NIH/NHGRI R01  
Public Preferences for Addressing Donors' Moral Concerns about Biobank Research      Funded      5%  
NIH R01-HG007172      Tomlinson (PI) 9/20/2013-6/30/2016  
The goal of this project is to determine what effect particular non-welfare interests have on the willingness to donate to biobanks. \$1,602,834  
Role: Co-Investigator

Norman Kagan Endowed Scholarship in Graduate and Professional Studies      Funded  
Men's Health and Masculinity: Implications for Colorectal Cancer Screening      Kelly-Blake (PI) 6/30/14-7/1/15  
The goal of this project is to conduct a small sample size secondary data analysis of recorded clinical encounters to examine how men and primary care physicians discuss colorectal cancer screening options.  
\$3000

NIH/NHLBI R01      Not funded      5%  
Improving Medication Adherence Among Underserved: Engagement and Technology  
Olomu (PI) 7/1/16-6/30/21  
The goal of this project is to conduct a cluster-randomized trial to evaluate patient activation and mobile reinforcement, evaluate user experience, and to conduct a cost analysis of these interventions in a network of Federally Qualified Health Clinics in Michigan. \$3,807,434  
Role: Co-Investigator

NIH/NCI R03  
Men's Health, Masculinity Perceptions, and Colorectal Cancer Screening      Not funded      33%  
Kelly-Blake (PI) 12/1/14-11/30/16  
This goal of this project is to analyze transcribed audio recordings of doctor visits collected in a previous study to better understand how men's masculinity perceptions may inform their decision to participate in colorectal cancer screening. \$153,500

PCORI      Not funded  
Improving Adherence to Effective Coronary Heart Disease Prevention Strategies in Underserved Diabetics  
Olomu (PI) 1/1/14-12/31/16  
The goal of this project is to conduct a randomized community clinical trial to test how well patient activation and reinforcement programs work in a network of Federally Qualified Health Clinics in Michigan. \$2,000,000  
Role: Co-Investigator

NCI Research Supplement to Promote Diversity in Health-Related Research      Funded      74%  
Decision Aid to Technologically Enhance Shared Decision Making (DATES)  
NIH 3R01CA152413      Kelly-Blake (PI) 9/1/12-8/31/14  
This investigation will identify what information the physicians delivered, how that information compares with the information provided in a web-based decision aid, and what the patients ultimately preferred and decided during the clinical encounter about colorectal cancer screening. \$264,573  
Role: PI

NIH/NCI      Funded      10%  
Decision Aid to Technologically Enhance Shared Decision Making (DATES)  
NIH R01CA152413      Jimbo (PI) 9/1/14-3/31/15

The goal of this project is to describe physician communication about colorectal cancer screening options with patients previously exposed to a web-based decision aid to improve screening uptake and follow-through.

\$652,518

Role: Co-Investigator

AHRQ R03

Funded 1% (contributed)

Clinical Communication Following a Decision Aid

1R03HS021764-01

Holmes-Rovner (PI) 10/1/12-9/30/13

The goal of this study is to investigate the impact of physician-generated informed decision making on patient decision outcomes performing a secondary analysis of transcripts of audio-taped conversations between urologists and their patients who are deciding on treatment for early stage prostate cancer. \$99,990

Role: Co-Investigator

NBME Stemmler Medical Education Research Fund

Not funded

Teaching and Assessing Shared Decision Making across the Medical School Curriculum

DeMuth (PI) 7/1/2013-6/30/2015

The goal of this project is to develop and assess the reliability and validity of a SDM skills assessment tool for evaluating medical student SDM skills in multiple standardized patient encounters across a three year curriculum.

Role: Co-Investigator

Medicaid Innovation Grant—Spectrum Health

Not funded 25%

Perinatal Care

Roman (PI) 10/1/12-9/30/17

The goal of this project is to build a transformative model of Perinatal Care for Medicaid insured women to improve birth outcomes, reduce persistent birth disparities, improve women's health and health care, and reduce Medicaid costs. \$1.2M

Role: Co-Investigator

Michigan State University Clinical and Translational Sciences Institute (CTSI)

Funded 50%

Changing community practice when the research evidence changes

Holmes-Rovner (PI) 1/4/11-8/31/11

MSU GAO 13443 sub: T1CTS

The goal of this study is to refine and evaluate our approach based on prior development of an intervention to improve appropriateness of test and procedure utilization in stable CAD in one academic and one community setting before testing the impact on utilization and patient health outcomes in a broader population. \$24,857

Role: Co-investigator/Project Manager

Center for Healthcare Research and Transformation (CHRT)

Funded 25%

Coronary Artery Disease Decision-Making in Primary Care

Holmes-Rovner (PI) 4/1/09-12/31/10

MSU 61-9746

The goal of this study was to test the feasibility of implementing a shared decision-making intervention for stable CAD management in primary care practice. \$186,900

Role: Project Manager

Foundation for Informed Medical Decision Making (FIMDM)

Not funded

Shared Decision-making implementation models: Coach-led vs. Provider-led in stable coronary artery disease.

Holmes-Rovner (PI) 10/1/10-9/30/11

The goal of this study was to evaluate two models of implementing shared decision-making and decision aids into routine clinical practice for CAD patients. \$140,768

Role: Co-investigator

W.K. Kellogg Foundation

Not funded

Using health information technology to address disparities in the quality of prenatal care and birth outcomes for women with Medicaid insurance.

Roman (PI) 10/1/11-9/30/15

Curriculum Vitae for K Kelly-Blake

The goal of this study was to use AHRQ HIT recommendations to reduce disparities in prenatal care by building a community infrastructure to strengthen prenatal care and the connections about state sponsored health programs, providers, and health plans. \$1,999,806  
Role: Co-investigator

Robert Wood Johnson Foundation Not funded  
Engaging Patients, Providers and Payers in Developing Sustainable Models of Shared Decision Making.  
Holmes-Rovner (PI) 7/1/11-6/30/14

The goal of this study was to implement and improve the Guidance Reminders in Practice (GRIP) system through community collaboration and to evaluate the impact of the project on quality of care, utilization, and patient engagement and outcomes. \$498,910  
Role: Co-investigator

NIH R21 Not funded  
Consequences of inserting cardiology CER tools into an incentive program.  
Holmes-Rovner (PI) 9/1/11-8/31/13

The goal of this study was to stimulate new approaches to developing CER tools in cases where screening and treatment choice must be responsive to patient preferences and to physician judgment and contribute to development of CER tools that bring information to bear that is relevant to physicians and patients as they reach clinical decisions. \$418,000

#### AWARDS/FELLOWSHIPS

- 2014 Best Poster Presentation by a Faculty/Teacher, 37<sup>th</sup> Annual Michigan Family Medicine Research Day
- 2008 Dissertation Completion Fellowship, Michigan State University Graduate School, Spring Semester
- 2005 ALANA/GradOf/Fellow Michigan State University Graduate School Summer Acceleration Fellowship, Summer
- 2001 American Anthropological Association Travel Grant for Minority Recruitment, Michigan State University (\$800.00)
- 1998-2001 Minority Doctoral Candidate Fellowship, Michigan State University

#### PROFESSIONAL SERVICE AFFILIATION

- 2015- Academy Health
- 2013- Society for Medical Decision Making
- 2012- Michigan Cancer Consortium
- 2011- American Society for Bioethics and Humanities
- 1998- American Anthropological Association
- 1996- American Public Health Association
