Controversies and Complexities in LGBTQ Health Care

Do you feel prepared to provide excellent care to your LGBTQ patients? Calls for social justice and corrective actions are being mounted by various and intersectional constituencies. These calls for social change must be reflected in improved clinical care, as well. What do LGBTQ patients want from their healthcare providers? What are some of the ethical and clinical challenges that clinicians and patients face? This seminar will address these broadly understood health issues that impact the LGBTQ community, as we aim toward an inclusive and equitable health delivery system. Bring your questions and take part in this exciting and timely conversation with a panel of MSU alumni.

Emily Antoon-Walsh,
MD, MA, FAAP (she/her)

Barry DeCoster, PhD
(he/him)

Henry Ng, MD, MPH,
FAAP, FACP (he/they)

Zoom Webinar Registration: bit.ly/bioethics-jan27

12 - 1 pm ET

All seminars are recorded and posted online in our webinar archive.
